THE SHIPS ATLAS

Shipping  guides LTD  
The Port Information Specialists

14th Edition

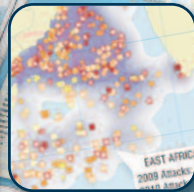

# The Ships Atlas

# 14th Edition The Ships Atlas

£140 (plus £10 delivery outside UK/EU)

Renowned as one of the world's leading maritime atlases, *The Ships Atlas* assists you in locating all global commercial ports whilst detailing their key features in the most contemporary and comprehensive manner.

## New to this Edition

### 5 New Maps

New and existing ports are continually being developed, especially in Asia and Central/South America. So to allow for more detailed coverage of these regions 5 new regional section maps have been added. These include the Indian Subcontinent, Southeastern China, Yellow Sea, Central America and Rio de Janeiro.

### New Piracy Trend Analysis

In light of increasing piracy problems facing the maritime industry two new Maritime Piracy Trend maps have been added.

### Improved Themed Maps

All of our world maps have been improved and the following World Maps also feature the latest information available: MARPOL 73/78, Sensitive Sea Areas, Maritime Piracy Incidents and Global Distribution of Major Diseases.

### Updated Information

With over 14,000 ports, harbours, terminals and marine features included, 833 of them new, *The Ships Atlas* illustrates more shipping facilities than any other commercial shipping atlas available. In total 2,567 updates have been made since the last edition.

## Standard with every Edition

*The Ships Atlas* is a full colour, clear and concise book with A4 sized pages contained within a durable hard cover.

### Area Locator Globes

Find the map you need by using these globes.

### Customise Your Atlas

Gold block the front cover with your company information to make a unique and functional corporate gift.

### Themed Maps

11 A3 maps, all improved and updated. Themed maps include: World - Political, Standard Time Zones, International Load Line Zones and Areas, MARPOL 73/78, Sensitive Sea Areas, International Navigating Conditions, Global Piracy Incidents, Piracy Trend Analysis, Ocean Currents, Global Wind Patterns, Global Distribution of Major Disease.

### Maps

75 full colour A3 maps, five of which are new.

### Port Symbols

In addition to indicating a port's precise location, port symbols are used to depict the types of cargo handled at that port and the dry dock availability. The handy bookmark displays the map legend for your quick reference to the facilities available.

### Distance Tables

Regional and international distance tables on 46 maps.

### Index (over 14,000 ports and marine features included)

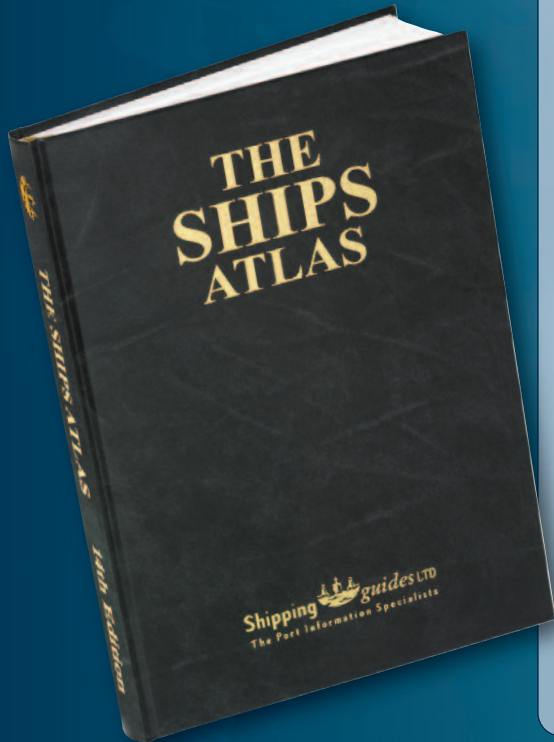

The tinted section at the rear of the book is the port index containing further port information including the latitude and longitude, maximum size vessel permissible, nearest airport, fuel and medical availability, as well as over 4,500 cross references.

*The Ships Atlas*, clearly an indispensable reference tool  
for use on the bridge or in the shipping office.
